

Short Specification:

Ecologic's series of LED luminaires was designed and built with high performance, efficiency, and cost-effectiveness in mind. Ecologic products provide higher efficacy, longer lifetime, and more reliable lighting than other conventional lighting products. Our fixtures have been designed and built to exceed the performance of CFL and HID light sources while using less power. Our proprietary board designs are extremely well-equipped for all types of light-on-demand applications. Unlike traditional CFL and HID luminaires, Ecologic products can be instantaneously and smoothly dimmed without affecting the life of the fixture. Ecologic fixtures are solid-state solutions for the commercial and industrial markets.

MODEL	DESCRIPTION	WATTS	LUMENS	LxWxD Inches
RH-ZY-H2-110W XDZ	110W Linear LED Highbay	110.4	16,406	23.8" x 12.6" x 3.62"
RH-ZY-H3-165W XDZ	165W LinearLED Highbay	171.8	24,563	45.9" x 12.6" x 3.62"
RH-ZY-H5-165W XDZ	165W LinearLED Highbay	171.8	24,563	23.8" x 17.3" x 3.62"
RH-ZY-H3-225W XDZ	225W LinearLED Highbay	225	32,000	45.9" x 12.6" x 3.62"
RH-ZY-H6-325W XDZ	325W LinearLED Highbay	323.9	46,361	45.9" x 17.3" x 3.62"

Application:

- Commercial Applications
- Garages
- Industrial Applications
- Warehouses

Features:

- DLC Listed
- UL Listed
- Suitable for damp locations
- Glass-free
- Surface mount installation
- 100/277V
- >120 Lm/w
- CRI: >80
- Available in either 4,000K or 5,000K color temperatures
- 0 to 10 dimming
